## BRONX COUNTY GOP - J.C. POLANCO - LEAD THE CHARGE, NOW!

posted by The Republican Dissident  
Mon, 08/27/2007 - 4:14pm

Not even in a few days as the Bronx Board of Elections Commissioner, J.C. Polanco is already getting the hang of the process of political patronage jobs. There is a vacancy for the Communications Director for the New York State Assembly Minority, and this where J.C. Polanco has his current fulltime state job as director for the Assembly Minority Leader. And now that he was appointed as commissioner of the NYC Board of Elections, Mr Polanco now is trying to get this communications director position filled with Christopher Meyers, former staff member to former state senator/felon Guy Veillea. And he is also the boyfriend "BOYTOY" of Dawn Sandow, see website:

<http://www.nytimes.com/2007/03/02/nyregion/02bronx.html?ex=1330491600&en=2f5db7f111996004&ei=5124&partner=permalink&ex>

Dawn Sandow is the deputy chief clerk of the Bronx Board of Elections and is also under investigation with the New York City Department of Investigation. Both are recently divorced when it became common knowledge to their spouses of their extra marital love affair especially when Christopher Meyers ex-wife hired a private investigator to follow her husband. Mr. Meyers was also convicted of a DWI charge a few years ago. Dawn Sandow has been recently spreading false rumors that she is back living in the Bronx with her boytoy boyfriend Chris Meyers on City Island. But he actually lives in Castleton, NY. Dawn Sandow was only spreading these rumors just to muddy the waters for the DOI investigation. Because she said last year as reported in the newspapers that she lived in the Bronx with her mother, so how can she be moving back to Bronx when she said that she was already living here, as quoted in the news articles, see website.

Mr. Polanco, I just want to say that I am going to be like a fly on the wall when it comes to getting any illegal wrongdoing that you may get involved in. Also Chris Meyers is disliked by state senate majority leader Joe Bruno over past campaign blunders. The only reason why the Bronx Democrats made a backroom deal with Bronx GOP is because of the fact that Jose Rivera's political power broker Stanley Schlein is trying to broker a deal for a certain company to get the contract for the new electronic voting machines for the New York City Board of Elections and this is why the Rivera's pushed this appointment through the New York City Council. Did Mr. Polanco go through the tough background investigation as other applicants did or was it that the Rivera's (father and son) have a hidden agenda. Two reasons why Jose Rivera made this back room deal for this appointment was that J.C. Polanco was a latino, how come Rivera did not push through the other four denied applicants because they were non latino and the second reason is that this hidden agenda with the electronic voting machines can get a full approval from the Board of Elections commissioners now. Jose remember you are still under federal investigation. This is just another example of the Bronx County GOP selling out to the Bronx Democratic Party. And this is for Jose Rivera and Joel Rivera - "When you lie with dogs you will wake up with fleas"

As an outsider I read all of these postings from people who are outside of the leadership in the Bronx Republicans. Whatever your issues are. You have a problem. I look at what is happening and I see positive things. I believe JC Polanco is the first Latino as the Republican Commissioner of the Board of Elections. That is great news, it shows that Jay Savino and the other leaders of Bronx County Republicans are on the ball. He is also very qualified for this position. He is no quoter, he seems to have the qualifications that is needed for this position. If I ever meet JC Polanco and Jay Savino. I would like to shake there hand.

### BRONX COUNTY GOP - DAWN SANDOW - STOP THE LIES ALREADY!!

posted by The Republican Dissident  
Fri, 09/07/2007 - 6:09am

4

Dawn Sandow, who is the deputy chief clerk at the Bronx Board of Elections needs to explain why she has to lie to the taxpayers of New York City who pay her \$ 83,500.00 a year salary. Ms. Sandow says that she lives in the Bronx, but she actually lives in Rockland County and when you work for the city of New York you are bound by residency requirements that you must live in the confines of New York City. Last year a newspaper article was published by Dave Seifman from the New York Post about this Bronx County GOP political hacker. And at the time this news article was published on September 3, 2006, Ms. Sandow was quoted as saying that she lives in the Bronx with her mother. Well it turns out that her mother Mae Sandow died many months earlier on April 10, 2006 at a senior citizen nursing home in the Bronx. Now please keep in mind that Dawn Sandow did not live in the nursing home with her mother. And Dawn Sandow has her voter registration (see attachment) at 1625 Radcliff Avenue in the Bronx, while the mother had her voter registration at another address and you always vote from where you live:

I think its time for Gerkin to be outted. I say that if in fact Gerken, James McPherson, Tully, Republican Dissident are the same person and if in fact it is the lawyer mentioned here, it is time for this person to lose their law license.

I am submitting the IP address along with all the web blog postings to the Unified Court System, The Attorney General's Office and the Bar Association. I have spent all morning printing out the blog postings on UE and Room 8 and it is clear, these are sexist, racial, slanderous and clearly an attempt to use the Internet for CyberBullying-as we see in Dimitri's recent posting.

Hiding under a failed interpretation of the first ammendment of Freedom of Speech, it is important to note counselor, that Hateful, Slanderous speech is not protected.

People like this cannot be allowed to be members of the bar. I am confident that Gerken if in fact he is a lawyer, would face disciplinary charges for slander and committing aggravated harrasment on the internet. Cyberbullying is illegal. Sadly he probably thought he could make threats and slander people on the internet without any penalty. Sadly for him, people go to jail and pay damages regularly in our courts via a well know tracking mechanism called the IP address.

Furthermore, if Gerkin is not the lawyer mentioned here but someone else, I hope that person is not on parole or probation. These actions would violate your agreement and may lead you back in jail. I look forward on any of these consequences to happen.

to you Gorkin.

Thanks

My prediction is that he will be disciplined and perhaps disbarred (and if not an attorney and on parole goes back to prison) for aggravated harrasment, slander and cyberbullying.

The fool actually emailed from his IP address into NYC and NY government computer servers. What a fool. Time's up.

How is providing the truth with documented fact about people that are under investigation considered slander, when you have a public or elected position at the expense of the public, the public has a right to know, as for all these stupid pictures being put on this blog on the comments section, it has to stop. Let the truth be heard. If these people that are under investigation do not like reading about themselves, THEN DON'T READ THE BLOG AND DON'T READ THE NEWSPAPERS. What the Republican Dissident has been reporting on is all true documented facts. We should have more people like this who expose civil service and political corruption.

Thank you,

I have received an anonymous typed written letter from someone at the Board of Elections saying that I lost because the Election was fixed and that a Bronx Republican Party official Jay Savino spread a lot of personal information about me and my family everywhere including said official having meetings with the local Police Commanders and FBI agents about me. They actually named the person who is doing all of this - Dawn Sandow. They also said that my telephone is tapped, that I am being followed everywhere I go that my mail is read,; they didn't mention that all of my Internet activities is being monitored, which means that I know the FBI has been monitoring my activities for decades.

I remember hearing a saying once: "You can not have a champagne life on Pepsi Cola pockets". And this saying reminds me of Joseph J. Savino - Bronx County GOP Leader. Last year Mr. Savino purchased a home at 1368 Kearney Avenue in the Country Club section of the Bronx. He purchased this home right before he ran in 2006 NYS 34<sup>th</sup> state senate district race in which he lost as expected. He moved all the way from Rockland County to the Bronx to run in this senate election. Now it turns out that he is selling this house, see website:

<http://realestate.nytimes.com/sales/detail/1314-2721930>

Now why is he selling this house that his now deceased father Joseph Savino Sr. helped out with a large down payment to buy this house with illegally gained money from when he was selling machine guns and pistols while he was a NY City Council member, see website:

<http://query.nytimes.com/gst/fullpage.html?res=9B07EFD8123BF937A15751C1A963948260>

The previous owner of this house was Vincent Di Napoli, now deceased, Mr. Di Napoli was a capo in the Genovese crime family and was also a personal friend of Joseph Savino Sr., see website:

If a President ensured that Cabinet officials concentrated official government travel on political battleground media markets, rolled out grant decisions in GOP congressional districts, and crafted announcements for release of federal money in battleground states - why would Americans take it?

From what my inside source told me was that Mr. Savino can no longer make the existing mortgage payments on this house. Plus the tuition at the local catholic grammar school where Savino's children attend is also costly, when Savino and his family were living at his mother in law's home at 15 Park Terrace South, Congers, New York and his children were enrolled in the public school system in Valley Cottage school district near Congers, NY, Savino did not have to pay for any tuition because this was a public school, I wonder if he paid Rockland County taxes for his children to attend the public school system, very interesting??see website:

<http://www.nypokertour.com/winners.htm>

While living at 15 Park Terrace South in Congers, when Mr. Savino was being investigated by the NY City Council for his appointment as the Bronx Board of Elections Commissioner job back in 2004, in which he failed the investigation process because he was caught by a NY city council investigator Mr. Goldstein going and coming from his actual place of residence in Congers, NY, and while lying to the NY city council council insisting that he was a Bronx resident which is a prerequisite for the commissioner's job. And even though he failed his background investigation, he was still pushed through for the commissioner's job through the constant pressure mounted by former council member Tom Ognibene and Victor Tosi to persuade the Council minority leader to appoint Mr. Savino, see website:

[http://www.nypost.com/seven/10222006/news/columnists/gas\\_guz](http://www.nypost.com/seven/10222006/news/columnists/gas_guz)

And how ironic is it that after Mr. Savino is pushed through with the commissioner appointment by former councilmember Tom Ognibene, that Savino and Victor Tosi both backstab Ognibene by not endorsing him to run for Mayor, see website:

[http://www.villagevoice.com/news/0542\\_barrett2,68950.5.html](http://www.villagevoice.com/news/0542_barrett2,68950.5.html)

So Mr. Savino will you be moving back to Congers, NY, where you lived rent free with your mother in law and that you will use your mother's address once again at 1959 Colden Avenue, to lie as you did in the past that you live there and vote at that address. One article says he moved from Rockland County to the Bronx and the other article says that he is a lifelong district resident, what a liar!! Not too slick Jay.

**BRONX GOP - THE EVERTWISTING STORY OF  
DAWN SANDOW**

posted by The Republican Dissident

The ever twisting story of Dawn Sandow - Bronx  
GOP

This is an updated BLOG that I wrote last year, about the ongoing antics and shenanigans in Bronx County GOP. Please read the following websites as they show fact of what we have working in Board of Elections. The integrity of our electoral process is compromised with these political hacks. The New York City Board Elections needs to be revamped and overhauled from top to bot

See websites here and here

Excerpts from New York Post article about Dawn Sandow -  
September 3, 2006

**Now, records show the new deputy chief clerk voted in The Bronx in 2004 while receiving mail in Rockland County.**

Before joining the board, Dawn Sandow Rahaniotis worked in Steve Kaufman's state Senate race and got campaign checks on July 24, 2004, and Aug. 16, 2004, in New City, 30 miles north of The Bronx.

It's against the law to vote in a jurisdiction you don't live in. Sandow said that she spent "a couple of months" in New City that year trying to patch up a shaky marriage but that she otherwise lived with her mom in The Bronx. Point of interest (At the time when this article was written on 9/3/06 and when interviewed by Dave Seifman. Ms. Sandow stated that she lived with her mother in the Bronx. Well her mother had past away (deceased) about five

Rockland County Property Records prove true

Submitted by Newsfinder (not verified) on Sat, 06/16/2007 - 12:59pm.

Dawn Sandow Rahanlotis does live up in New City in Rockland County, New York. This was verified by the Rockland County Property Records website. Dawn Sandow Rahanlotis purchased her house with her husband at the time Peter Rahanlotis in 2001, she has lived up there ever since then till present. Her last address in the Bronx, NY before she moved up to Rockland County 2001 was 1906 Radcliff Ave in the Bronx. In April of 2005, Dawn Sandow Rahanlotis divorced her husband Peter and received the house in New City as a divorce settlement. Her children go to school in Rockland County also to this day. Dawn Sandow continues to live in Rockland County to this present time. At the time that she was interviewed by New York Post reporter Dave Selfman for the article on 9/3/06, Dawn Sandow Rahanlotis, at that time transferred her voter registration to the Bronx, changed her NYS drivers license to the Bronx, and disconnected her home telephone number. All admissions of guilt!!!

BL,

Your use of multiple exclamation points suggests that you are not confident with your opinion and feel a need to persuade readers that you are telling the truth.

This is an illusion. Good and sound arguments, liberal, conservative, or moderate, can stand on their own merits. Exclamation points, especially multiple ones, are childish.

I have no idea what Bill Nowmark and the Bronx Conservatives do with the money he raises, but as we see above, there is a rather extensive record of the group's contributions to campaigns and committees. Such claims on the part of Lefty need to be verified to a greater degree before being posted. It doesn't seem to indicate any wrongdoing to me.

## BRONX COUNTY GOP - ROLE MODELS OF FRAUD REVISED!!!

posted by The Republican Dissident

[http://www.nypost.com/seven/04032008/news/regionalnews/elex\\_boar](http://www.nypost.com/seven/04032008/news/regionalnews/elex_boar)  
Dawn Sandow still lives in Rockland County, she lied under oath.  
April 3, 2008 -- An employee at the Bronx Board of Elections used his government computer for political work and another voted in The Bronx while living in Rockland County, the Department of Investigations has determined.

The findings were the result of a raid conducted by the DOI a year ago, when investigators copied timekeeping and attendance records and e-mails.

The DOI said Frank Tosi, a \$45,297-a-year administrative associate who is the uncle of Victor Tosi, the former deputy chief clerk in The Bronx, wrote "approximately" seven e-mails in 2006 regarding the political campaign of Joseph Savino, the former Bronx Republican commissioner who ran for state Senate.

The DOI also reported that Dawn Sandow, the current deputy chief clerk, voted in The Bronx in 2001 through 2004 and in 2006, but testified under oath that she lived in New City, Rockland County, in 2001 through December 2004.

If Dawn Sandow testified under oath that she only lived in Rockland County from 2001 to 2004, then why was she paid by the Bloomberg Election campaign in 2005 at her real current address in

Rockland County, also why did Dawn Sandow renew her driver's license in Rockland County in 2005. In 2004 and 2005, Dawn Sandow went to work at REACH in Eastchester, NY. this was one of the not for profit organizations that were funded (member items) by former state senator Guy Velella, Ms. Sandow's former employer. W4 tax income statements from REACH have now been forwarded to the proper law enforcement authorities which show proof that Dawn Sandow lied under oath. The W4's show that she resided in Rockland County in 2005 which proves she lied under oath, see attachments:
